**ROYAL CANADIAN MOUNTED POLICE LONG
SERVICE MEDAL AND GOOD CONDUCT MEDAL**

TERMS

The medal is awarded to RCMP members for 20 years of service, who are of irreproachable character and whose conduct has been good and services satisfactory. The Dominion Police Force and RNWMP were merged to form the RCMP on 01 February 1920. Service with these forces and with the six provincial police forces which were taken into the RCMP between 1928 and 1932 could count towards the medal.

Members of the Customs-Excise Prevention Service of the Department of National Revenue (provided that the combined total of the latter with RCMP time was continuous) could also count time towards the medal. Time spent overseas in WWI could only count if the time was with the RNWMP 'A' or 'B' Squadron. The British Columbia Provincial Police Force, Newfoundland Rangers and portions of the Newfoundland Constabulary were amalgamated with the RCMP in 1950 and service with those Police Forces could also count for the medal.

REVERSE

2

The original reverse found with the King George V and first type of King George VI obverses, has the raised RCMP badge with King's Crown. The words **FOR LONG SERVICE** appear along the top edge of the rim and the words **GOOD CONDUCT** appear along the bottom, with the word **AND** just above the word **CONDUCT**. The 2nd King George VI reverse was modified slightly, but was essentially the same as was the first issue of the Queen Elizabeth medal.

The current reverse has a flat RCMP crest in the centre and along the left edge **FOR LONG SERVICE** and along the right edge **AND GOOD CONDUCT**.

In 1989, a French Reverse for the medal was introduced for French speaking officers and it has the same RCMP Crest in the centre but around the edges has:

POUR ANCIENNETE along the left edge, and;
ET BONNE CONDUITE along the right edge.

MOUNTING

A single toe claw at the top of the medal attaches to a straight bar.

RIBBON

A blue ribbon, 32-mm wide, with two yellow stripes (3-mm wide), and 6-mm from each edge. A bronze, silver or gold star is worn on the ribbon to denote the appropriate bar in undress.

NAMING

The recipient's name (and sometimes rank and regiment) is engraved on the rim.

DATES

The medal was approved by King George V on 06 March 1934. The first 240 names appeared in the Canada Gazette on 12 January 1935. The first medals were presented in Ottawa by the Governor-General on 12 March 1935.

CANADIAN FORCES DECORATION CD

TERMS

The Canadian Forces Decoration is awarded to officers and non-commissioned members of the Canadian Forces who have completed twelve years of service. The medal is awarded to all ranks, who must have a good record of conduct during the final eight years of claimed service. The medal is awarded to the Regular Forces, Reserve Forces and to Officers of the Cadet Instructors Cadre (CIC).

Service in the regular and reserve or auxiliary forces of the British Commonwealth of Nations will be counted towards the medal if the final five years have been with the Canadian Forces and no other long service, good conduct or efficiency medal has been awarded for the same service. The medal may be awarded to persons in possession of any long service, good conduct or efficiency decoration or medal or clasps, provided that the individual has completed the full periods of qualifying service for each award and

that no service qualifying towards one award is permitted to count towards the other. The service need not be continuous. This award supersedes all other awards for members joining the Canadian Forces after 01 September 1939.

BARS

A bar (called a clasp for this medal) shall be awarded for every subsequent period of ten (10) years of qualifying service. The bar is gold in colour and is 38 mm by 6 mm, has the Canadian coat of arms in the centre which is surmounted by a crown. The bar used until 1958 had a scalloped shape coat of arms with a Tudor crown above, was made of .800 silver. The current clasp bears the Royal Crown with the Royal Arms of Canada in elongated form in the center. It is made of gilding metal, sandblasted and gold plated.

A rosette is worn in undress centred on the white stripes for each bar.

Canadian Forces Decoration (CD) Continued

DESCRIPTION

A decagonal (ten-sided) medal, representing the 10 provinces, medal, 37-mm across the flats, with raised busts. The King George VI medal is .800 fine silver, finished in silver gilt (by Birks of Montreal until 1969) and produced by the Royal Mint.

The Queen Elizabeth II medal was initially produced by the Royal Mint and made of tombac (12% zinc and 88% copper alloy) from 1955 to 1993. After 1993, the medal was made of gilding metal (5% zinc and 95% copper) and then private companies (6 in all) made the medal out of "metals that could hold a finish" until 2007. The Royal Mint took over making the medals again in 2007 using gilding bronze, lightly sandblasted and electro-plated in 24 carat gold.

Both medals appear gilt (gold) in colour with the Elizabeth II medals being brighter than the George VI medals.

OBVERSE

(a) The uncrowned coinage head of King George VI, facing left, with the inscription:

GEORGIUS VI.D:G:BRITT:OMN:REX FID: DEF:

(b) The uncrowned coinage head of Queen Elizabeth, facing right, with the inscription around the edge:

ELIZABETH II DEI GRATIA REGINA CANADA

with the word **CANADA** being at the bottom.

REVERSE

A crown, three maple leaves and an eagle representing the navy, army and air force from top to bottom. The word **SERVICE** is on a scroll at the base and a fleur-de-lis is on each side of the crown. The Royal Cypher is superimposed on the centre of the King George VI medal, but is omitted for the Queen Elizabeth II medal.

MOUNTING

(a) The King George VI medal has a solid bar with **CANADA** on it and this is attached by scroll arms welded to the top of the medal. This proved to be a poor mounting as the welds broke off many of the early medals.

(b) The Queen Elizabeth II medal does not have the solid bar. Thus the ribbon passes through a narrow bar between the scroll arms. A small maple leaf is at the base of the scroll arms.

Canadian Forces Decoration (CD) Continued

RIBBON

The ribbon is gules (red), 38-mm wide, with three equally spaced argent (silver) stripes and a single argent stitch on each edge. In more understandable language, orange-red with three white stripes and a single white stitch on each edge. The pre 1968 ribbon is brighter than the post 1968 ribbon. A silver rosette is worn on the ribbon (centred on the white stripes) in undress for each bar awarded.

DATES

Initiated on 15 December 1949 and first awarded on 01 September 1951, the medal replaced all other long service awards for those joining the Canadian Forces after 01 September 1939 and is still current.

NAMING

- (a) King George VI - Name and rank are engraved on the reverse of the solid bar.
- (b) Queen Elizabeth II - Name and rank stamped on bottom edge.

NOTE :

When the first CD was awarded, the Governor-General (Earl Alexander of Tunis) was given a CD to signify the position as being the ex-Officio, Commander in Chief of the Canadian Forces. This tradition has continued ever since and The Right Honourable David Johnston wears a CD with his other medals. The Right Honourable Julie Payette also wears a CD.

The Queen Mother, Air Commodore Birchall, CM, OBE, OOnt, DFC, CD and Prince Philip * have been awarded five bars to their CD.
 Prince Edward (Earl of Wessex) received a CD in 2015. ⁵

⁵ Major-General H.F.G. Letson, CB, CBE, MC, ED, CD, Secretary to the Governor General, was the driving force behind this medal. All three services wanted something different and he just kept saying that the Governor General wanted 12 years of service, 10 years for a clasp, ONE medal for regular and reserves, officers and non-commissioned officers and a distinctive Canadian reverse. He kept taking back the committee's suggestions until they agreed with his views. For more detail on this medal, see the book, "The Canadian Forces' Decoration" by Christopher McCreery.
