30/05/09	Medal returned	Cardinal	Resigned from Order Morgantaler appointment	--

**Resignations from the Order of Canada in protest of Morgantaler appointment**

It's official. The Governor General accepted the resignations of Cardinal Jean-Claude Turcotte) from the Order of Canada (plus Members **Mr. René Racine** and **Ms. Jacqueline Richard**). The trio resigned over the appointment of abortion provider Dr. Henry Morgentaler to the Order of Canada in July 2008.

At the time of Morgentaler's appointment, *Western Standard* columnist Pierre Lemieux:

Abortion is a difficult issue. Consider the main argument against it: abortion is murder and must be prevented. But then the main pro-argument is also convincing: a woman's body belongs to her alone and she may do what she wants with what's in it, which includes preventing somebody from squatting it. Both arguments have a libertarian flavour. The vexing problem is that both arguments carry logical implications that are prima facie unacceptable. If abortion is murder, so is any contraception method that prevents a fertilized egg from attaching to the wall of the uterus, like (in some cases) the morning-after pill and the IUD (intrauterine device). If, on the other hand, abortion is permissible, then infanticide should also be allowed. In either case, there is no obvious place to draw the line

Resignations from the Order of Canada - Government House 01 June 2009

OTTAWA - In accordance with article 25(b) of the constitution of the Order of Canada, the Governor General has accepted the resignations of Mr. René Racine, Ms. Jacqueline Richard, and Cardinal Jean-Claude Turcotte from the Order of Canada. This information was published in the *Canada Gazette* on May 30, 2009.
