Corporal George William SNIDER, BEM CD RCAF 913 AC&WS (USAF) LG 26/05/64

"On 16th May 1963, Corporal Snider, a member of the RCAF Detachment with the 913th Aircraft Control and Warning Squadron, (USAF) at Pagwa, Ontario, was working with several other RCAF airmen in the motor vehicle building. A retaining chain on one of the entrance doors, which weighed approximately one thousand pounds, broke, allowing the door to fall, hit one of the airmen across the shoulders and pin him to the ground in a squatting position. Upon seeing the door fall and hearing the other airman's cries for help, Corporal Snider, without regard for his own safety, crawled beneath the door on his hands and knees, lifted it and held it off the injured airman who then fell forward and was pulled clear by others present. Unable to sustain the weight of the door, Corporal Snider attempted to extricate himself but the door fell further, trapping his legs. A front-end loader operating nearby was used then by the others present to lift the door and free Corporal Snider who had suffered painful injuries to both legs. The other airman sustained a severe fracture and compression of a vertebra of the lower spine. Corporal Snider's quick, decisive and prodigious rescue action was performed in the face of a grave threat to his own well-being and, in fact, resulted in severe injuries to himself. There is no doubt that his heroic act saved a fellow airman from extreme injuries and paralysis, if not death."

(awarded the British Empire Medal (Military Division) for Gallantry)

=====
Corporal George John METKA, BEM CD RCAF RCAF Station Uplands CG 09/12/67

"On 20 May 1967, an Air Canada DC8 crashed at Uplands Airport, Ottawa, Ontario, killing all three crew members and totally demolishing the aircraft. On his own initiative, Corporal Metka entered the burning wreckage to search for survivors, working with bare hands and in shirt sleeves. In spite of numerous explosions, Corporal Metka proceeded with his self assigned task, and was personally responsible for the recovery of the remains of the three crew members before they could be consumed by fire."

(awarded the British Empire Medal (Military Division) for Gallantry)

Flight Sergeant J.R. BURDES, BEM RCAF 1 (RCAF) Sqd CG 13/06/42

"Flight Sergeant Burdes is NCO in charge of "B" Flight, No. 1 Canadian (F) Squadron. His work in this capacity has been excellent. Working under unfamiliar and adverse conditions, he has kept a maximum number of aircraft serviceable for operational flying. His continual good spirits and ability have won the confidence of both men and officers."

These two Greek awards were canceled 4 May 1946 and no new gazette entry was found. They do not appear in the list for the RCAF Overseas so their status is unknown.

It seems that the Greeks wished to cancel these awards and substitute another - the Silver Cross of the Royal Order of the Phoenix or the Silver Cross of the Order of George I (Fifth Class) for Granda and Harper. This was never gazetted but it does appear to have happened but we do not know which award they received.

PURPLE HEART

CG DATE	NAME	RANK	NUMBER	NOTES	DECORATIONS	/
06/04/46	BROWN, Wilfred David +	Sgt	R86207		---	

The above noted Purple Heart is the only gazetted Purple Heart to a member of the RCAF. Many RCAF members received Purple Hearts from American Generals while serving with American units or recovering in American Hospitals. I know several of these individuals and they wear their medal and probably if they had known that they needed to get official approval, would have been able to obtain such permission. Most of these individuals left the RCAF right after the war and never worried about receiving permission. Therefore, the one gazetted Purple Heart does not represent the many other Purple Heart awards made to the RCAF.

Lieutenant (N) Robert Hampton GRAY, VC DSC RCNVR "H.M.S. Formidable" LG 13/11/45

"For great bravery in leading an attack to within fifty feet of a Japanese destroyer in the face of intense anti-aircraft fire, thereby sinking the destroyer although he was hit and his aircraft on fire and finally himself killed. He was one of the gallant company of Naval Airmen who, from December, 1944, fought and beat the Japanese from Palembang to Tokyo. The actual incident took place in the Onagawa Wan on the 9th of August, 1945. Gray was leader of the attack which he pressed home in the face of fire from shore batteries and at least eight warships. With his aircraft in flames, he nevertheless obtained at least one direct hit which sank its objective." (Awarded VC)

Lt. Gray received a DSC for attacks against Japanese ships on the 18th, 24th and 28th July 1945. He had received a Mentions-in-Despatches in August, 1944 for an attack on the German Battleship 'Tirpitz' in the Alten Fjord.

(Same listing in the London Gazette was a Mentions-in-Despatches to
