ORDER of MERIT of the POLICE FORCES

MEMBER – TERMINATION of APPOINTMENT

On July 24, 2010, notice was published in the *Canada Gazette* stating that the appointment of **Sergeant Warren S. Gherasim** to the Order of Merit of the Police Forces has been terminated. Details at the end of the listings.

According to article 23(c) and Article 24 of the *Constitution of the Order of Merit of the Police Forces*, a revocation takes place when the governor general makes an ordinance terminating the person's membership in the Order.

The termination of **Sergeant Warren S. Gherasim's** appointment to the Order of Merit of the Police Forces is related to a disgraceful conduct sanction ordered by the Royal Canadian Mounted Police. In 2006, he drove his personal car into a ditch when he had been drinking. The RCMP adjudication board ruled in March 2008 that alcohol was a "contributing factor" in a crash two years prior that saw Gherasim lose control of his speeding vehicle and roll it into a ditch. At the time, Gherasim was a detachment commander in Cut Knife, about 200 kilometres northwest of Saskatoon. The board considered that an "aggravating factor" in deciding sentence. "Detachment commanders are examples to both their subordinate members and the civilian population they serve," the panel ruled. The board also considered his "exemplary performance history" and decided this "single act of poor judgment" warranted a reprimand and the forfeiture of eight days' pay.

Sergeant Warren S. Gherasim was appointed **Member of the Order of Merit of Police Forces** on 19 January 2006, and the termination took effect 04 March 2010. Gherasim was given the MOM for "contributing to the advancement of community-based policing in the Northwest Territories and for leadership in fugitive investigations in Canada and the province of Ontario."

On completion of his term as Commanding Officer, he was appointed Region Advisor (Pacific), CIC National Branch Advisory Council and Chairman of the Pacific Region Advisory Council, positions he fulfilled until 2010; during this time, he was proudly part of the planning and execution of the Branch's Centennial celebrations nationally and within his province. This was followed by his participation as a subject matter expert in the program design and delivery for the Senior Officers' Training Course and the Leadership and Command Program. In January 2013 he was appointed by the Chief Military Personnel as the national Branch Advisor for the CIC.

In the RCMP, he was commissioned as an Inspector in 2003, and appointed Executive Officer to the Deputy Commissioner Pacific Region, who was responsible for the leadership of one third of the Force. Following commissioning, he completed the RCMP Officer Orientation and Development Course. In 2007, he was appointed Officer in Charge of "E" Division Crime Prevention & Program Support Services, and subsequently Officer in Charge of National Performance Programs at Pacific Region Training Centre in Chilliwack, his current posting. LCol Kopan was the catalyst for influencing national policy changes within the RCMP and the Canadian Forces, which resulted in RCMP members being permitted to serve concurrently as Canadian Forces Reserve Officers in the Cadet Instructors Cadre Branch.

LCol Kopan is a recipient of the RCMP Long Service Medal and the Queen Elizabeth II Golden and Diamond Jubilee Medals. In 2007, the Governor General of Canada invested him as a Member of the Order of Merit of the Police Forces, and subsequently as an Officer of the Order of Military Merit in 2009. He serves as an Honorary Aide de Camp to the Lieutenant Governor of British Columbia.

LCol Kopan is married to Kathi Kopan, also a serving CIC Officer. Their eldest daughter Laura (1984-2002) and their son Matthew were Warrant Officer with 1725 Canadian Military Engineers Cadet Corps Chilliwack where they finished cadets. The Kopan family resides in Abbotsford, BC. LCol Kopan inspired and encouraged the development of the Vernon Cadet Camp Museum.

Without his vision we would not have envisioned the potential of the stories we currently share.
